ABOUT US

An Australian Owned Wholesale Business

Welcome to Watley Rural. If you're looking for livestock handling equipment you can truly depend on, you've come to the right place. We're an Australian business based in South East Queensland, and we're driven by a simple purpose:

Empowering rural success through quality products and genuine partnerships.

We're not just selling gear, we're putting 16 years of experience from our other business, All Temporary Fencing, into bringing you the best value equipment.
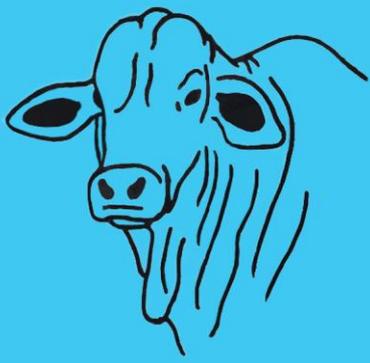

Every piece of Watley Rural equipment is selected and tested right here in Australia to ensure it stands up to the demands of your farm. It's about providing you with safe, efficient tools that help you get the job done right, the first time.

You can get your hands on our gear through our network of trusted local Watley Rural dealers. We partner with them because we believe in local support and building relationships. When you deal with a Watley Rural dealer, you're dealing with someone who's backed by our commitment to Trust, Integrity, and being Dependable.

We guarantee the quality of our products – they're built tough and tested hard. Our streamlined wholesale approach means you get this quality at a price that offers real value for your hard-earned money.

Choose Watley Rural for gear that's built for the long haul and a network that's got your back. We're here to support your success on the land, now and into the future.

Forcing Yard

	Depth	Height	Width	Weight
Forcing Yard	3070mm	2270mm	6200mm	625kg
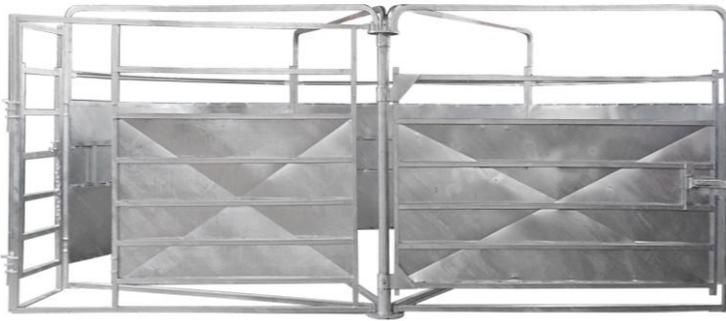

FEATURES

• The Forcing Yard allows the handler to push cattle into the race system with minimal risk to the handler

• Innovative braking system stops the cattle from pushing the gate back therefore protecting the operator

• The curved layout works with the natural behaviour of how cattle run and tend to circle back to where they came from

## Adjustable Sheep Vee Race with 3 way draft gate

Length	Height	Width(open)	Width(close)
4500mm	1200mm	550mm	200mm

FEATURES

• Fully sheeted adjustable sides can be changed from Straight to V shaped as needed to control sheep flow.

• The adjustable V shaped sheeted sides restricts sideways movement,slows the animals down, keeps them facing in one direction and in asingle file

• Handy for drenching, push/pull sliding gate or swing gates available.

• 50mm x 50mm x 2mm fully welded framework stops flexing and movement.

• Retractable spring loaded latches on side gates stops gates swinging outwards while drafting
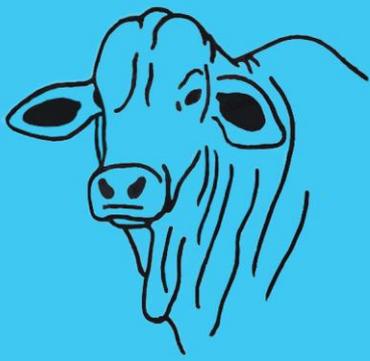

• Large handles on the gates,works with sheep and goats

• Total Vee race and 3-way draft length is 4500mm

• Internal width is 550mm when open down to 200mm when closed.

• Height 1200mm

• Sheeted Vee race length is 3 meters

• 3 way drafting head unit, 3 Way draft gates are 1500mm long

Adjustable Sheep Vee Race

- The adjustable V shaped sheeted sides restricts sideways movement, slows the animals down, keeps them facing in one direction and in a single file
- Handy for drenching
- Push/pull sliding gate allows you to lock animals in the race or easily introduce more into the race without having to push a conventional hinged gate back into awaiting stock
- 50mmx50mmx2mm fully welded framework stops flexing and movement in the race
- Large handles on the gates
- Works with sheep and goats

3 Way Drafting Gate

- 3 Way Draft unit suitable to join a existing vee race
- 50mmx50mmx2mm frame with Braces to stop flexing
- Retractable latches on side gates stops gates swing outwards while drafting
- Large handles on the gates
- Works with sheep and goats
